Re: In re General Electric Securities Litigation
Case No. 09 - CIV 1951

Dear Judge Cote:

In September of 2013, the Court approved a settlement of the above captioned matter, in which I and several of my retirement plans are class members, which is why I write. I am sorry to have to contact you, but my payments are still in limbo.

I have completed the appropriate claim forms, which have been acknowledged by A.B. Data, Ltd, the Claims Administrator.

As to one claim, I received a notice saying my recovery was too small to be paid. I contacted the claims administrator and asked for the calculation that came to that conclusion, which I was promised.

As to the others, I have received nothing at all.

I am now unable to make further contact with the claims administrator, with the phone not being answered and my letters not responded to.

I am hoping the Court may be able to assist me in collecting my share of the recovery and the details of each calculation.

Your attention to this matter is appreciated.

Very truly yours,
